

FT-1200LD

MODEL SITTEN FT-1200LD

Part Number	POS2136
Capacity	1200VA
Color	Black
Type of sockets	Shuko
Number of sockets	3 sockets with power supply
Type of charge	Computers, Screen, POS
Autonomy	20-40Min
Power	720W

INPUT

Fase	Single + GND
Voltage	220/230/240 VAC
Voltage break	-30% + 25%
Frequency	50/60Hz +/- 10% (auto sensing)

OUTPUT

Break voltage	220/230/240/110/120 VAC +/- 10%
Type of wave	Sine wave
Frequency	50/60Hz +/- 1% (battery mode)
Time of transfer	≤ 6 ms

BATTERY

Type	Sealed Lead-Acid 24VDC
Time of recharge	90% of the capacity in 5 hours
Autonomy	20-40 minutes, depending on the equipment
Security protection	Over Charge & Over Discharge

FEATURES

General	AVR incorporated; DC cold start; Audible and visual alarm; Compatible with generators; Intelligent management of the battery Input voltage line; mode off automatic charging; Continuous surge suppression and noise filter Short-circuits portection e low tension of the battery
Sockets	3 schuko sockets with power supply
Display	YES - autonomy consumption and voltage

ENVIRONMENT

Temperature	Running: 0°C~40°C Storage: -20°C~60°C
Humidity	0~90% without condensation
Noise	< 40dB (1 meter)

GENERAL

Dimensions	385x98x170mm (UPS) 490x170x255 mm (box)
Weight	6.2Kg (UPS) 9,2Kg (with box)
